

1:1 Social Media & LinkedIn Strategy for teams.

Outcomes driven strategy implemented with Kylie Chown.

Utilising a top-down approach, we'll transform your business objectives into a tailored, results-driven strategy that translates into tangible business outcomes. Moreover, we'll ensure your team is adeptly trained for its seamless implementation.

The half day strategy is your opportunity to work together with a social media expert, where I facilitate a strategy that's tailored to your business goals and objectives.

Although we focus on LinkedIn, the strategies can be applied across your broader social media. Applying a top-down approach, we take your business goals and create a customised social media marketing plan. Together, we create an actionable, strategic focused plan that converts to business outcomes.

"Since Kylie's involvement, mentoring and guidance my returns are now significant, I am talking to the right people about services that meet my client's needs, the enquiry rate has increased by more than 400% and my company visibility has increased. I would highly recommend working with Kylie."
